

# STYLECRAFT®

## SAGE™ COLLECTION

### 1" VIBRATING TITANIUM FLAT IRON STYLE WITH WISDOM. SHINE WITH CONFIDENCE.

- **Floating Titanium Plates**

Provide fast, even heat and a smooth glide, resulting in sleek, frizz-free hair.

- **Advanced Ionic Generator**

Releases negative ions to seal cuticles and reduce frizz, achieving a silky-smooth finish.

- **Heat & Vibration Technology**

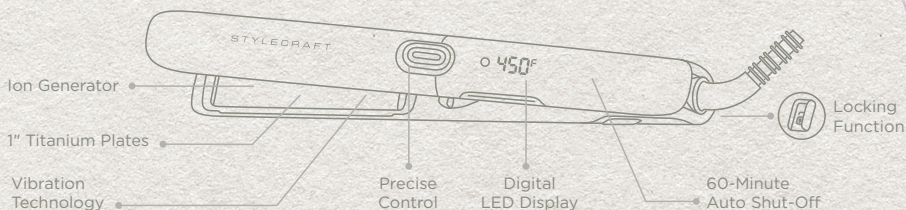

Combines gentle tension with vibration to prevent harsh pulls, ensuring a smooth, tug-free glide. Enhances shine by sealing keratin scales.

- **Customizable Temperature**

9 settings ranging from 320°F to 450°F. Non-professionals should not exceed 450°F.

- **LED Display**

Shows temperature for easy monitoring, enabling quick heating and styling.

TEMPERATURE  
320°F - 450°F
