BODY LOTION

Experience soft & radiant skin. This clean beauty lotion nourishes skin with Squalane & Watermelon Seed Oil, while a pinch of natural sunless tanner provides a flawless, golden tone. The more you use, the darker the color.

Available in 18oz & 2oz!

How to Use:

- Apply to skin as you would a normal body lotion
- Lightly cover face and body
- To get a natural look, apply the lotion on the tops of your arms and then blend to the underarms
- Wash off excess lotion from the palms of your hands, between fingers, and around nails
- Allow drying for a few minutes before you dress
- Avoid getting wet for at least 4 hours
- You will begin to see a subtle development of color within several days

Applications:

If color change is not as noticeable as desired, apply more frequently. When you reached your perfect shade, you can continue using every other day to maintain color.
