

Everything Spray™ Leave-In Conditioner

Show your color some love and more. Achieve beautiful color vibrancy, shine, and softness while detangling with this do-it-all leave-in treatment for fine to medium hair.

How To Use:

- Spray lightly onto clean, damp hair (focus on mid-lengths to ends)
- Comb through to distribute product
- Style as desired

Why We Love It:

- Great preparation product
- Acts as a deep moisturizer
- Adds thermal protection, shine, and helps reduce frizz
- Evens hair's porosity for easy detangling & better combability

Preps Hair for Styling: This leave-in conditioner is an essential first step in your hair care routine, creating a perfect foundation for any styling products that follow. It prepares and primes the hair, ensuring that other styling aids can work more effectively, leading to better overall results.

Enhances Moisture: Formulated to deeply penetrate the hair, this leave-in conditioner delivers intense moisture while helping boost the hair's natural body and fullness. It leaves your hair feeling soft, supple, and more resilient, enhancing its natural texture.

Frizz-Control & Manageability: In addition to providing vital thermal protection, this conditioner helps to smooth the hair cuticle, reducing frizz and adding a healthy shine. It also makes it easier to detangle and comb through the hair, which improves overall manageability and styling ease.

Fragrance Notes: A fresh, clean, and renewing scent with floral notes of cherry blossom.
