2.3. Other hazards

Causes skin irritation and serious eye irritation.

Read carefully the warning on the label.

Contains hydrogen peroxide. Avoid contact with eyes. Rinse immediately if product comes into Contact with them.

Wear suitable gloves.

SECTION 3: Composition/information on ingredients

3.1. Mixtures

When used according to the manufacturer's instructions the product is safe for human use and for the environment.

Corresponding Frame formulation: 11.8-2013

The complete list of ingredients is indicated on the packaging of the individual products, according to Regulation (EC) No. 1223/2009 on Cosmetics Products.

SECTION 4: First aid measures

4.1. Measures in the event of:

Inadvertent contact with eyes

Rinse thoroughly with plenty of lukewarm water immediately. If irritation persists, consult ophthalmologist as a precautionary measure.

Inadvertent ingestion of larger amounts

Do not induce vomiting. Rinse out mouth and drink about one to two glasses of water. Then consult doctor.

Discomfort on contact with skin

Immediately wash off with water and soap. Remove contaminated clothing and towels. If skin irritation persists, consult doctor.

Inadvertent inhalation of larger amount

Carry the person to open space. If upper airway irritation persists, consult doctor.

When consulting a doctor or a Poison Control Centre always have packaging or label.

SECTION 5: Firefighting measures

The product could develop oxygen, acting as comburent. In case of fire use water spray, dry extinguishing powder, carbon dioxide (CO₂).

SECTION 6: Accidental release measures

In the event of spillage/leakage: mop up main volume with cloths; remove rest with water. Rinse out impregnated mopping up material with water or dispose of it in accordance with the waste management directives of the municipality. Where appropriate, wear suitable protective gloves.

Packaging should be recycled after residual emptying; minor product residues may be rinsed out. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

SECTION 7: Handling and storage

Must be used in accordance with manufacturer's instructions, wear gloves (single-use gloves in accordance with DIN EN 374 of PVC or nitrile). Avoid contact with textiles. Ob packaging.

Avoid contact with eyes or facial skin. Only mix and use in well ventilated rooms. Avoid intensive inhalation.

Store in a cool and dry place (room temperature). Reseal container after use. Avoid contact with metal.

Heat or the import of impurities into the container can lead to decomposition and over-pressure.

Product may cause or intensify fire; oxidizer. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Keep/store away from clothing/combustible materials. Do not mix with flammable and/or reducing substances such as permanent wave lotions.

SECTION 8: Exposure Controls/personal protection

8.1. Control parameters

Occupational limit values: Not applicable for cosmetic products.

8.2. Exposure controls

Individual and occupational protection measures:

Eyel/face protection

Not needed.

Skin protection

Not needed.

Respiratory protection

Not needed.

SECTION 9: Physical and Chemical Properties

Information on basic physical and chemical properties:

Aspect: liquid to cream

Colour: characteristic

pH: 3.0 - 3.5 as much

SECTION 10: Stability and reactivity

10.1. Reactivity

None if used for intended purpose.

10.2. Chemical stability

Stable if stored and handled as indicated in the packaging.

10.3. Possibility of hazardous reactions

None if used for intended purpose

10.4. Conditions to avoid

None if used for intended purpose.

10.5. Incompatible materials

None known.

10.6. Hazardous decomposition products

None if used for intended purpose.

SECTION 11: Toxicological information

According to its own toxicological profile, each ingredient is found in the product at a safe concentration considering the exposure levels established for a normal use of this cosmetic product

SECTION 12: Ecological Information

Exempted according to article 31 of Regulation N° 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

SECTION 13: Disposal considerations

Consult applicable Local Regulations.

SECTION 14: Transport information

Not hazardous.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

See point 2

15.2. Chemical safety assessment

The product does not show any foreseeable risk to human health under conditions of normal use if all the safety instructions are followed.

SECTION 11: Toxicological information

Toxicological effects

No data is available regarding the preparation itself.

Inhalation

Vapours have a narcotic effect. Symptoms following overexposure may include the following: Headache. Fatigue. Dizziness. Nausea, vomiting. May cause respiratory system irritation.

Ingestion

May cause discomfort if swallowed.

Skin contact

Skin irritation should not occur when used as recommended. The product contains a small amount of sensitising substance. May cause sensitisation or allergic reactions in sensitive individuals.

Eye contact

May cause temporary eye irritation.

Acute and chronic health hazards

This product has low toxicity. Only large quantities are likely to have adverse effects on human health.
